HUTCHISON PORTS PPC POWER-UP WITH NEW EV INFRASTRUCTURE

Summer 2024 / Sustainability / Smart Tech

Business Unit: HUTCHISON PORTS PPC – CRISTOBAL (CRUISE TERMINAL) HUTCHISON PORTS PPC – BALBOA HUTCHISON PORTS PPC – CRISTOBAL

Hutchison Ports PPC is driving towards a greener future with new electric vehicle (EV) charging stations for its heavy equipment fleet. These new EV charging stations will power recently acquired electric empty container handlers and also future additions like reach stackers and forklifts. PPC is committed to slashing diesel consumption and propelling towards net-zero emissions targets at Panama.
